PRO FLASH LP

VINYL-TO-SD/USB TURNTABLE

Make your music portable – no computer needed!

Get your classic music onto today's digital devices with PROFILE FLASH. This cutting-edge turntable can record straight from your vinyl records onto an SD card or USB flash drive. Imagine listening to your favorite records on your TV, mobile phone, or any other device with an SD card slot or USB jack! The best part is that you can move your music without even connecting a computer!

The PROFILE series of LP-conversion systems is designed with contemporary, low-profile looks. Each model is designed to capture the music from your vinyl records and turn it into portable, flexible, digital MP3s that you can enjoy at home and on the go.
